An extra additional year has passed highlighting our success and achievements in the records, days and history of Holy Family Hospital at Bethlehem, the birth place of Jesus. November was a very busy month marked the visit of all board members from several areas coming to our hospital to discuss various financial and medical matters concerning our mission and daily loads of work, during the Board Meeting on November 11 & 12, 2018. Hence, the two days meetings took into consideration setting 2018 strategies in order to achieve more and more accomplishment for the benefit of the Palestinian people.

This year, the hospital marked an increase in the number of patients receiving medical care at its premises and deliveries as well.

On this occasion a Holy Mass and a reception were held on November 11, 2018. Delegates from international consulates, representative offices, local partners, Hospitals and others joined us in our celebration.

On this occasion, we would like to thank all the Board of Trustees members for their dedication and hard work over the years.

They spent fruitful years in developing the hospital and helping in the continuation of the same proficiency and dedication for a better coming years.

NEW EQUIPMENTS

one neonatal patient monitor GE B40I monitor- This device is a portable multi parameter unit to be used for monitoring and recording of, and to generate alarms for, multiple physiological parameters of our neonatal patients. T

his monitor can measure and displays oscillometric non-invasive blood pressure, invasive blood pressure, end-tidal carbon

dioxide, heart/pulse rate, respiration rate, ECG and functional oxygen saturation (SpO2) temperature. All these parameters are essential for the safety, to follow up and diagnose our neonatal patients

Open/Closed Incubator GE Giraffe OmniBed The Giraffe OmniBed is a full featured incubator and a radiant warmer that combines advanced technology, so a 2 in 1 system is applied that serves our neonatal patient from delivery to discharge, it is designed to address the changing and complex demands of the NICU.

The machine is capable of providing adequate and equivalent physical environments, in terms of environmental temperature and net heat exchange.

ACTIVITY REPORT

“Hope is a powerful motivation for Charity”
