Since Holy Family Hospital reopened its doors as a maternity Hospital in 1989, Holy Family Hospital has been quick to respond to the changing healthcare needs of our community and hence embrace the changes in medicine and technology that address those needs. Holy Family Hospital is proud of being the tertiary referral maternity and in particular high risk pregnancies, Gynecology and Neonatology center for whole Bethlehem District, the surrounding villages and even for some parts of Hebron District. During the last twenty five years, thanks to our generous donators and their generous support and belief in the mission of the Holy Family Hospital; their investments assisted Holy Family Hospital to respond to the evolving healthcare needs and enabled Holy Family Hospital to procure new up-to-date medical equipments, and to renovate some of its departments.

As of this date and in order to ensure and maintain the state-of-the art medical care provided and thus continue improving the Health Outcome among the Palestinian population; Holy Family Hospital is of need to renovate and remodel the Operating Room Department that was never renovated since a longtime and is currently outdated and not according to the standards.

IBAN:PS47PALS045003890000013000000 (USD)

The first step for this project commenced; on September 3rd, 2013 a committee chaired by H.E. Mr. Dominique De La Rochefoucauld-Montbel attended the presentations that were prepared by the bidders who participated in the bid announced on June 2013 related to the selection of an Architect/Engineering Firm. Five bidders participated in this competition. After a detailed examination of all the work submitted; the committee decided to retain the two best bidders in order to participate in Phase II Competition. All committee members are now working together in preparing a full detailed program that will include a set of detailed requirements related to the needed equipment, mechanical and civil works...etc that will be the base for Phase II competition. It is estimated that by the beginning of November 2013 all the required documentation will be ready and estimation for the total cost of this project will be identified in order to be submitted to the Board of Trustees.

Financial Auditors visits Holy Family Hospital

Mrs. Caroline Caruana and **Mrs. Isabelle de l'epine** auditors from Toulouse visited us at the Hospital. They met with almost all the staff of Holy Family Hospital, mainly Administrative, supportive and Medical personnel's. After a whole week of auditing and hard working they left the hospital back to their homes. We were very appreciative for all the help, advices and work

they both presented to the better of our hospital and team too. We wish them all the best back home. We are waiting their report to improve the work of Holy Family Hospital.
